

## DUSTIN LYNCH

Since releasing his PLATINUM debut single, "Cowboys And Angels," Dustin Lynch has catapulted onto the country music scene. Racking up over 42.2 million views on YouTube/VEVO, notching 82.5 million plus streams on Spotify, soaring to #1 on the MTV Music Meter and selling 2.7 million digital singles, he brings a fresh combination of traditional influences and edgy intensity to the genre.

Producers Mickey Jack Cones, Brett Beavers and Luke Wooten showcase his progressive sound throughout his sophomore album, *WHERE IT'S AT* (Broken Bow Records), which delivered consecutive #1 smashes - "Hell Of A Night" and PLATINUM-certified, multi-week chart-topper "Where It's At" - and his latest Top 25-and-climbing single "Mind Reader." Debuting at #1 on the iTunes Country Albums Chart upon release, the album has tallied over 1 million tracks sold to date. Lynch recently launched his first headlining HELL OF A NIGHT TOUR, which already claims advance sellouts in Chicago, Anaheim, San Diego and Denver.

In 2016, he will join Luke Bryan's KILL THE LIGHTS Tour, marking his second nationwide run with the superstar, and has previously opened for Keith Urban. With recent shout-outs from superstar Reba and CBS' *The Talk* co-hosts, rave reviews continue to stack up for the high-energy performer with *Rolling Stone* coining Lynch as Luke Bryan's "possible heir apparent" and *Billboard* naming him one of the "Young Guns" leading Country music's changing of the guard. #
